Death of Mr. R. L. Joyner.

On Thursday night, November 30, Mr. R. L. Joyner departed this life at his home near Scotland Neck, aged 56 years. He was a quiet but patriotic citizen, living alone on his farm, save the laborers he employed.

He was a faithful soldier in the Confederate army and being wounded in the battle of Gettysburg he carried the scars to his grave and literally limped his way through life as a result of his wound. He had thus been a sufferer all these years from defending the cause which he thought right; and his death causes a large break in the already thinning ranks of the Confederate veterans.

The remains were interred at his home the day following his death.

THE COMMONWEALTH joins in sympathy with those who have been bereaved—a brother and family—and commends them to the consolation that comes from submission to the will of Him who doeth all things well.

In Memoriam.

Departed this life at Enfield, N. C., on Thursday morning, November 23rd 1899, in the 25th year of his age, Leon N. Neville.

Seldom has this community been called upon to mourn the loss of a nobler life than this young man, cut down in the morning of his youth; so beloved and respected by all who knew him. Possessed of the sterling qualities that go to make the true man, blameless in life, true to love, friendship and duty, he was in every sense one of "nature's noblemen." Tender, loving and sympathetic in his nature; ever ready to lend a helping hand to all about him, firm and faithful to his convictions of right, he has passed away leaving behind him a stainless record ever to be a beloved memory to his bereaved family, and a pleasant one to his many friends who mourn his loss. God grant him eternal rest, and let perpetual light shine upon him.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and by prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it "incurable." Science has proven catarrh to be a constitutional disease, and, therefore, constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Catarrh Cure on the market. It is taken internally in doses from 10 to 25 drops, and it acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. 75c. Hall's Family Pills are the best.

SUFFERED TWENTY-FIVE YEARS.

Cured Permanently by the American Catarrh Remedy, Pe-ru-na.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO.

Mr. John O. Atkinson, Independence, Mo., in a recent letter to Dr. Hartman, says: "My wife had been suffering from a complication of diseases for 25 years. Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing. She also suffered with general debility and paroxysms—sometimes as often as six or eight times a day. At this time she was passing through that most critical period in the life of woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Pe-ru-na and Man-a-lin, which we at once commenced, and have to say it has completely cured her. She firmly believes that she would have been dead only for these wonderful remedies. About the same time I wrote you about my own case of catarrh, which was of 25 years' standing, and at times I was almost past going. I commenced using Pe-ru-na according to your instructions, and continued its use for about a year, and it has completely cured me. I have to say that your remedies do all you claim for them, and even more. Catarrh cannot exist where Pe-ru-na is taken according to directions. Man-a-lin is a most wonderful medicine for chronic constipation. Mr. A. F. Stern, Marine City, Mich., writes: 'I was troubled with catarrh for three years, and tried almost every catarrh medicine I heard of. I went down to Delaware, O., to attend college, where I got one of your Almanacs, and saw another remedy for catarrh. I was almost discouraged with trying all kinds of medicine, but my room-mate told me that your medicine was all right, and so I tried it. After taking seven bottles according to directions, I was cured and felt like a new man. I recommend it to all who are suffering with this dreadful disease. It is the best medicine for catarrh. I owe my health to you.' Mrs. J. A. Bashor, Knoxville, Tenn., writes: 'My health was completely broken down and had been for almost a year. I could not rest day or night, but suffered constantly untold misery. Tried remedy after remedy, but found no relief until Pe-ru-na was recom-

mended to me by a friend. I have taken one and a half bottles and am today well and hearty. I shall always praise Pe-ru-na, for I feel it saved my life.' Mr. J. W. Draper, Gainesboro, Tenn., writes: 'For many years I had been a continual sufferer from that dreadful disease, chronic catarrh. I gave up hopes of ever being relieved. I tried every remedy my friends recommended, but all in vain. Finally I took my bed. My friends had all given me up. Mr. J. W. Draper, to die, believing me to be in the last stages of consumption. Having a bottle of Pe-ru-na in the room, I began to take it, and in a few days felt so well that I got up. I continued it, improving all the time, until I am now almost a sound man. Can do as hard a day's work as almost any man. This happened four years ago.'

Mrs. Rachel A. Magaw, 67 West Jefferson street, Springfield, O., writes: "Your Pe-ru-na is worth its weight in gold. I feel like a new woman. I can't praise it enough. I spent a great deal of money on doctors, but nothing ever did me any good until I sent you and tried your Pe-ru-na. I now feel well of the catarrh, but I shall never be without Pe-ru-na, and shall tell all I see to try it, for I know it to be a sure cure for catarrh. I can't praise it enough for what it has done for me." Catarrh is an American disease. Fully one-half of the people are afflicted more or less with it in some form. Previous to the discovery of Pe-ru-na, catarrh was considered well-nigh incurable. Since the introduction of Pe-ru-na to the medical profession thousands of cases are cured annually. By aid of Dr. Hartman's free books and free correspondence a multitude of hopeless people are permanently cured of this most loathsome and stubborn disease every year. Anyone afflicted with catarrh should write Dr. Hartman, Columbus, O. Ask for free books or free advice, whichever you most need.

Mr. A. F. Stern, Marine City, Mich., writes: "I was troubled with catarrh for three years, and tried almost every catarrh medicine I heard of.
